## FOREWORD

With the completion of this, our twelfth and last school year; we, the senior class of '54, will part and go our way. During these many days passed, while striving for our education, we have been very closely associated and have formed friendships that shall last forever. It is our sincerest hope, that this edition of the Islander will help us remember and hold dear these wonderful days at B. I. H. S.

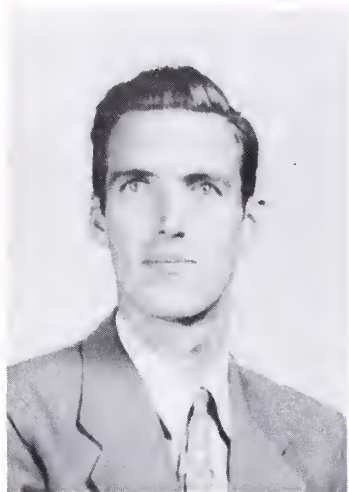

## DEDICATION

To one whose constant efforts and leadership have been instrumental in our music, religious, and social advancement. In expressing our deepest and most sincere appreciation, we the senior class, wish to dedicate this, the 1954 volume of the Islander to

## MASCOT

LINWOOD LEROY ARTHUR

Playing basketball  
He's quite a whiz.  
And plays hands,  
Wherever Joan is.

PEGGY JEAN BULIS

A helpful young Miss  
who is liked by us all.  
On her the big jobs  
Are likely to fall.

NORMA MAY BURKS

Not too sober,  
Not too gay,  
Just a true friend  
In every way.

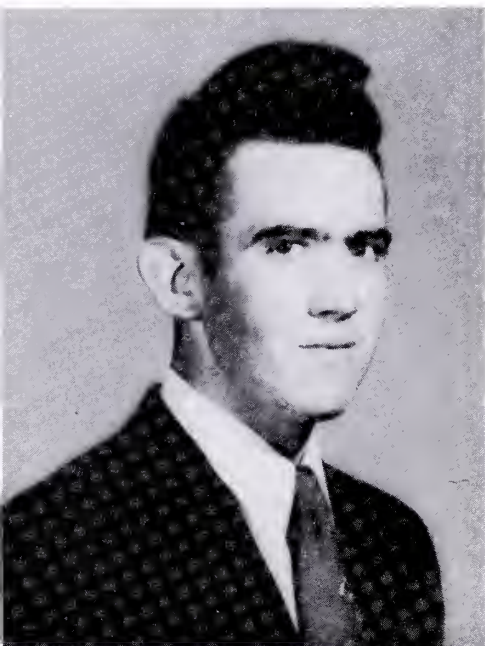

JOYCE ANN CAMDEN

Kind, sweet, nice to  
know,  
Far on the road of success  
she'll go.

CHARLES IRA CASTO

Anywhere, everywhere,  
He seems to fly high  
All the Big Island girls  
say,  
He's a wonderful guy.

RACHEL MARIE FARLEY

Good in sports,  
She's certainly fine.  
Why can't we have  
More of her kind?

BETTY JUNE GOFF  
To hear her laugh  
Is really a treat.  
Her wit and humor  
Can't be beat.

EARL DEAN HENSLEY  
His black curly hair  
Is quite an asset.  
With all the girls,  
He plays hard to get.

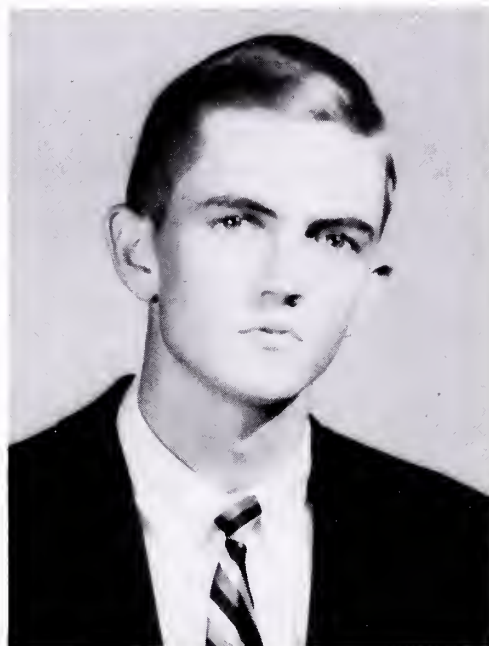

LLOYD EARL PHILLIPS  
There's joy for us all  
When he is around.  
A better young man,  
Is yet to be found.

MACON COBBS PUTNEY

To get an education has been  
The Nature of his mind.  
But to sports and fishing  
He seems much more inclined.

TO THE CLASS OF 1954

We love the hours together spent  
Some tears of course were shed.  
We face the future confident  
In what lays out ahead.

We've had our sorrows and our strife  
We've had our ups and downs.  
But well we know that in this life  
A cross proceeds the crowns.

And so we face the future years  
Determined to succeed.  
In spite of all the pain and tears  
Or where the road may lead.

Our heritage is much too great  
Our freedom much too sweet.  
For us to fail at any rate  
Or entertain defeat.

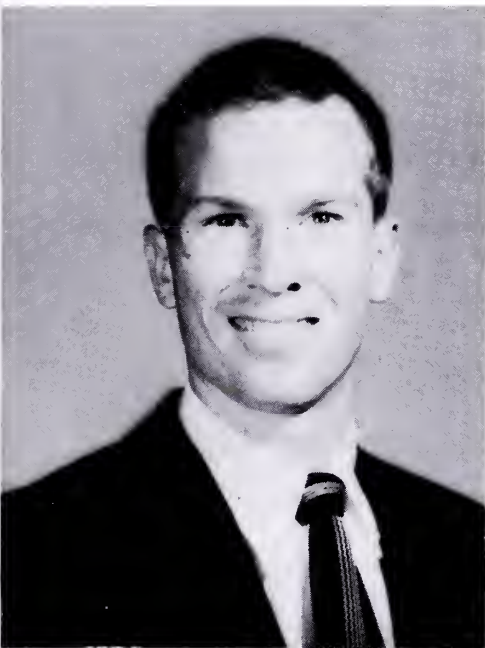

Some storms may rise the sun to hide  
To obscure the course we take  
But others too have stemmed that tide  
We'll follow in their wake.

The tide runs high and sometimes low  
It always has been thus.  
We ask no favors but to know  
The world is fair to us.

C. W. C.

JAMES NORTON TURPIN

A person on whom  
Everyone calls.  
He's most often found  
Around Coleman Falls.

# CLASS PROPHECY

## ANTARCTIA CELEBRATES TENTH ANNIVERSARY OF INHABITABLE CONTINENT

Parksville, Antarctica, June 7, 1974

Today the continent of Antarctica is celebrating its tenth anniversary as being an inhabitable continent. The highlight of this celebration was recognition of the leaders in the settling of this continent. Strangely enough the prominent leaders were the graduating class of 1954 from Big Island High School, Big Island, Va., U. S. A.

The settling of this continent was made possible by the genius Macon Putney who invented a giant air conditioner unit which is suspended in the stratosphere by permanent gas chambers. This unit enables the combining of hot and cold air resulting in a complete mild climate. Mr. Putney is now Professor of Aeronautics at South Point, Ant.

LeRoy Arthur, the dentist in this group, may have ended this profession by discovering a chemical in Antarctica that can be given to children so that as the child grows he will be assured a perfect set of teeth. Mr. Arthur has built a beautiful resort by one of the colorful falls in Antarctica which is named after his beloved "Coleman Falls".

Mrs. Carrington Von Baron better known as Peggy Bulis, President of the University of Antarctica has established a world famous University. A survey of 1960 showed the ideal school according to the students. This university was modeled by this survey. Thousands of students have to be rejected each year because of the popularity and leadership of Mrs. Carrington Von Baron and her School.

The Picketeer, the most fabulous nightclub in all Antarctica, is owned and operated by Betty Goff. The feature attraction is a famous band and dance team conducted by Miss Goff's fiancée, Lou Pluchino. The dance team is composed of the previous couple.

The Antarctica version of the Minn. Lakers is James Turpin's Quintets. This famous five performs weekly at the Willis Memorial Gymnasium during basketball season. What makes them so unusual is that they are actually Turpin's quintet

sons. A familiar sight in Antarctica is Turpin cruising by in his 1974 Cadillac on his way to a modern construction job where he is chief engineer.

It is necessary for each continent to have a patrol system. Head of Antarctica is Captain Lloyd "Video" Phillips. Due to his superior workmanship and that of his patrol this continent is free of criminals. In the future, Captain "Video" Phillips hopes to extend his system over the entire world.

After the completion of the Oliver Memorial Hospital, Miss Rachel Farley was asked to accept a position of the staff at Oliver Memorial. She formerly held a high position at John Hopkins. Miss Farley's private life is as full as her professional life keeping house for her two children and husband, Demeritris de Villeo.

No continent would be complete without a movie industry. Corresponding to Hollywood, U. S. A. is Eherhardt, Antarctica. The leading male star and founder of the movie industry of Antarctica is Earl Dean Hensley who has had previews all over the world. Earl's latest fantasy has been Debbie Reynolds of Hollywood, U. S. A.

To ease the complex transportation system Charles Casto has patented the Bird-Mobile. This is the only atomic propelled car of its kind. He also operates the greatest bus line on Antarctica. The Red-Hill-Charlemont Bus line is the most efficient and convenient in the world. Its conveniences include TV, snack-bar and beautiful hostesses.

Sports take an active part in Antarctica too. One of the leading sports is auto-racing. An ultra modern race track on the outskirts of Parksville is owned and operated by Norma Burks. A familiar sight at the track is a 1974 yellow jaguar driven by Norma. Seldom does she compete in the races as her superb driving would discourage the other entries.

Appearing recently at the Harris Latin Opera was Miss Joyce Ann Camden. Miss Camden was a former

star of the Metropolitan Opera of the United States. When Miss Camden is not singing you will find her taking Latin at the Clendon Thacker High School.

From this interview it is easy to understand why Antarctica has progressed so rapidly in such a short period of time. It well deserves its publicized anniversary and is certain to progress as much in the next ten years as the past ten.

Class Prophets:  
Joyce Camden  
Norma Burks  
Earl Hensley

## LAST WILL

We, the Senior Class of 1954, upon leaving Big Island High School, Big Island, Virginia, being of sound mind and having natural intelligence do declare and make public, this, our last will and testament.

To Mr. Bird, our beloved principal we wish to express our deepest appreciation for his untiring leadership and guidance throughout our schooldays, and the hope for many more happy days at B. I. H. S.

To Mrs. Parks we leave memories of days well spent and extend to her our deepest gratitude for making this, our last year, a most enjoyable one.

We leave thanks to Mrs. Thacker, for the wonderful meals prepared in the lunch room and hope for a more courteous group in the lunchroom.

To Mrs. Oliver we leave hope that this annual will be a financial success and thanks for the wonderful job she has done on this annual.

To Miss Harris we leave all of our Latin and Chemistry books, and many thanks for all the wonderful things she's done for us.

To Mr. Oglesby we extend our thanks for his wonderful coaching and hope for more success in the future.

To Mr. Callahan we wish to leave memories of our many political discussions.

To the Junior Class we leave the honor of being the next group of dignified Seniors, and all the privileges which accompany it.

To the Sophomore Class we will our dignity, good manners and cooperativeness.

To the Freshman Class we leave patience, willingness and ambition so that these last three years may well be enjoyed.

To Billy Hudson, LeRoy Arthur leaves the inspiring phrase "Come on Lee", and all his basketball ambition.

Joyce Camden wishes to leave her athletic ability to Joan McNeely, and her bubble gum to Roas Ann Dawson.

Lloyd Phillips wills all he possesses to his sister in order to keep it in the family.

Norma Burks wills her quiet likeable ways to Phyllis Wilson.

Charles Casto leaves his shotgun and rabbit dogs to Nancy Taylor.

Rachel Farley Wills her good looks to Dorothy Reynolds and her beautiful smile to Frances Underwood.

James Turpin's Knack of being late for school goes to G. B. Dawson.

Betty Goff wishes to leave her date list to Mary Willoughby and her happy-go-lucky ways to all the Juniors.

Macon Putney wants to leave his interest in politics to Mr. Callahan and his leadership in the Glee Club to Jane Ogden.

Peggy Bulis Wills her cheerful and willing ways to Shirley Taylor.

Earl Dean Hensley leaves his good looks and way with the women to Carl Arrington.

E. Pluribus Unum was adopted by our class members during our Junior year. It seemed no one wanted the poor kitty so from class to class E. Pluribus went until a holiday came and Norma took her home and she has been at her home since. She has really grown into a beautiful cat.

# JUNIOR CLASS HISTORY

We're Juniors, yes! We've come a long way. Oh, those famous events, days, memories-- so many things have happened and we're now Juniors. It seems like only yesterday we were Freshmen with Miss Nelle Harris as our sponsor, thinking of that distant June of 1955, wondering how many classmates will survive 'till graduation rolls around.

Oh! that Christmas Party which all of us attended and some of us even attended the Ring Dance. And the lucky ones of us that made the Dramatic Club and the basketball team, and many other club activities.

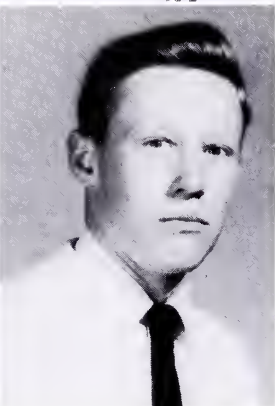

How time does fly! We are--yes, Sophomores those beloved days with Mrs. Thacker sponsor. Some classmates deciding to leave us and others saying they would join us. Those field trips to the Fish Hatchery, National Container Corp., and the Colony.

Juniors! We can hardly imagine that we are! Some of our members are leaving us to get married. About all we can hear is Rings! Our Junior and Senior trip to Richmond to the assembly and the Junior and Senior Banquet. But why should all this past worry us, what a time! Maybe we as a class will survive to be Seniors yet.

# SOPHOMORE CLASS HISTORY

How time does fly! A group of twenty-six students returned to Big Island Hi in September with the high and mighty title of Sophomores. Four of our number had withdrawn during the summer months, but here we were a class and not a home-room to call our own. Always room for one more, so to the library we go, we've had our ups and downs when it comes to finding books, coats, gym clothes, but after all the sailing hasn't been too rough.

Many of our class found their places on the athletic teams and engaged in other activities.

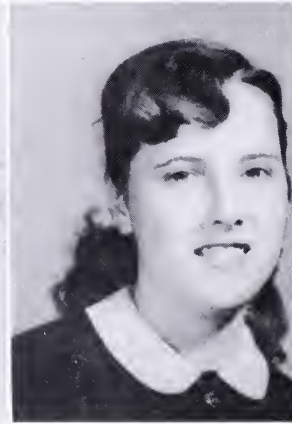

Mid-term examinations made us realize our short comings and we vowed to do better in the second semester in order to reach for the Junior goal.

# FRESHMAN CLASS HISTORY

Well, here we are folks! Standing, knocking at the freshman door of education on September 7 1953 and wondering what high school really would be like, anyway, we'll see!

Although it was not long after we had appeared as Freshman, that we took our places in the various extra curricular activities. We really did have some members to make the basketball teams and official staff of the teams.

We are yet young, but we hope our ambitions will soar high, until we reach our goal.

# DO YOU REMEMBER?

The Christmas Play

The Runner - up Trophy

The Eighth Grade Officers

The Wise Men and Angels

Thesiphan Worms Today  
But Tomorrow Actors  
We Hope

How We Hated To Go In

# DO YOU REMEMBER?

The Tournament Of  
1954

The Christmas Canta

When These Were S. C. A.  
Officers ?

Come On! Attention!

Say, How Did You Vote  
On The Bills In Senate ?

Those Ball Games  
Let's Play Ball

# LESS WE FORGET

AND LAST BUT NOT LEAST

How They Worked To  
Have Our Lunch Ready

It Was Hard To Keep The  
School Ground Clean.

And How He Worked To Get  
The Annual Off.

When Will The  
Telleorium Be  
Out? Come Staff  
We've Work To Do

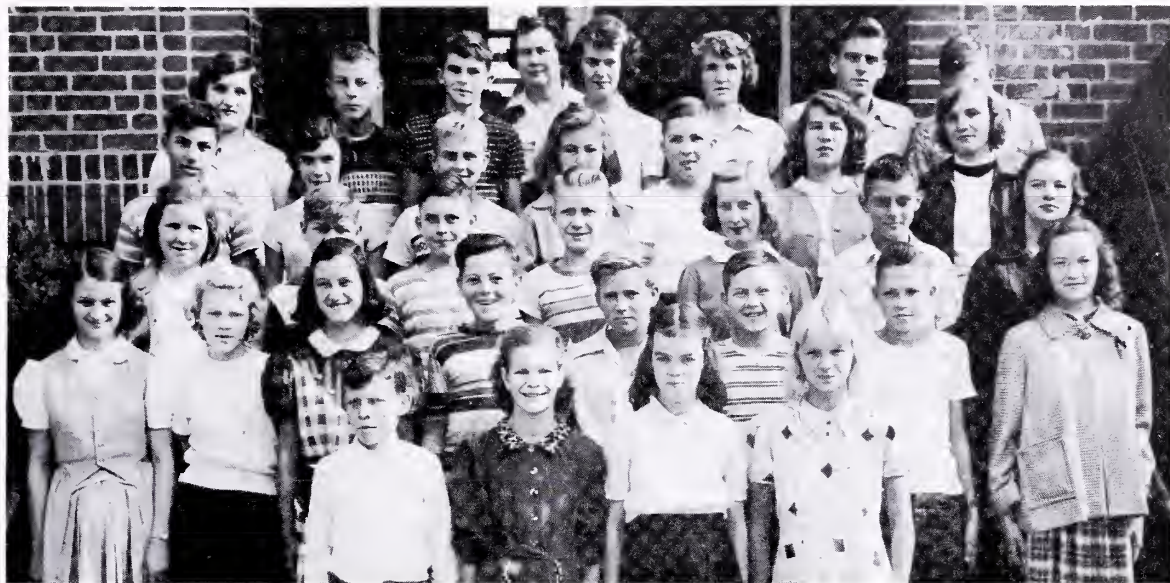

Well, Where Do We Go  
From Here? What A Trip!

Less We Forget! How  
They Worked To Clean The  
School!
